

## Attention WMU 344 Antlerless Elk Licence Holders

### Drawn Applicants –Hunting Information

Alberta Fish and Wildlife Division is requesting the cooperation of hunters who have been successful in the Wildlife Management Unit 344 Antlerless Elk Draw.

The increasing elk population has increased the risk of damage to private property and elk-vehicle collisions. Antlerless elk hunting has been introduced to limit the size of the elk population in the southwestern portion of WMU 344.

Please remember to ask permission to access privately owned land – USE RESPECT.
