

Attention WMU 438 Camp 1 Antlerless Elk Licence Holders

Drawn Applicants –Hunting Information

Alberta Fish and Wildlife Division is requesting the cooperation of hunters who have been successful in the Wildlife Management Unit 438 Camp 1 Antlerless Elk Draw.

The increasing elk population has increased the risk of damage to private property and elk-vehicle collisions. Antlerless elk hunting has been introduced to limit the size of the elk population in the Camp 1 portion of WMU 438.

Please remember to ask permission to access privately owned land – USE RESPECT.
